

Oregon Certified Medicolegal Death Investigator Continuing Education Opportunity

CASE REVIEW

Thursday, October 30, 2008

1:00-2:30 PM

Oregon State ME Office
Clackamas, Oregon

Portland Police Criminalist Adam Cushman has recently returned from 10-weeks at the National Forensic Academy! Adam has graciously agreed to share some of his experiences at the "Body Farm" in Tennessee...and other relevant and really cool stuff.

Please join us for 90-minutes of great training! Tell our colleagues who may not be on this distribution list, please!

PS: If you have an interesting, perplexing or otherwise valuable case for our review, please let us know. We can get it on a list for one of these review dates...of course; it's always helpful for *you* to attend the review of *your* case to help with the details!

PLEASE R.S.V.P. FOR CASE REVIEWS.
